CARGO STORAGE FLOOR

STRONG. RELIABLE. SECURE.

First compartment shown open in the 2021+ Chevy Tahoe.

Cargo Storage Floor creates a secure floor in the cargo area of the 2018+ Dodge Durango.

Cargo Storage Floor shown open in the 2018+ Dodge Durango.

Pro-gard's new Cargo Storage Floor enables officers to securely stow a wide range of equipment, weapons, and electronics. It is easy to install and securely mounts directly to the floor using existing OEM mounting points. The uniquely hinged storage compartment is installed with two push-button locking latches and features gas struts to easily open and close as needed.

FEATURES & SPECS

- » Storage compartment features two push-button locking latches and gas struts
- » Made of textured powder-coated 14-gauge steel
- » Easy to install, securely mounts directly to the floor using existing OEM mounting points
- » Mounts with or without Pro-gard Cargo Barrier
- » Works with OEM seats
- » Compatible with Cargo Storage Drawers
- » Creates an elevated floor with two compartments in the cargo area allowing additional gear to be stored on top of the storage floor (T)
- » Large easy to remove mounting tray allows electronics to be mounted and serviced on a bench top (T)
- » Works with Cargo Storage Lid (D)

T = Chevy Tahoe D = Dodge Durango

Cargo Storage Lid shown closed and open in the 2018+ Dodge Durango.

The new Cargo Storage Lid transforms the rearmost OEM storage area of a Dodge Durango into a secure compartment. It is compatible with Magpul DAKA Grid for safely securing weapons.
