PRO-CELL PRISONER CONTAINMENT SYSTEMS

Our patented Pro-Cell Prisoner Containment Systems are the solution for fleets who need to achieve total prisoner containment during transports. For officer safety and convenience, we offer the latest designs for single and dual prisoner transports in Sedans and SUVs. Economically friendly, each of our four Pro-Cell styles comes with all the equipment needed to provide fully contained prisoner transport options.

Pro-Cell Prisoner Containment Features

P1000 - 1/2 Cage, Single Prisoner Transport System - Offers a higher level of containment than standard partitioned vehicles by confining the prisoner to only half of the back seat. Our half partition's versatile design allows full functionality of the driver's seat along with the convenience of additional storage space behind the officer.

- » Half Cage Partition
- » Driver's Seat: Full Travel and Recline
- » Single Prisoner Transport
- » Mount single or dual weapons
- » Available for Sedan and SUVs

P1300 - 1/3 Cage Single Prisoner Transport System - Safely confines the prisoner to only 1/3 area behind the passenger seat of the second-row seats, allowing for full use of the other 2/3 OEM seats behind the driver.

- » Full access to 2/3 OEM 2nd row seats
- » Available for the 2020+ Ford PIU
- » Only need to store 1/3 OEM Seat
- » Transport Seat sits 6" lower than OEM seat
- » Single Prisoner Transport
- » Driver's Seat: Full Travel and Substantial Recline

P1500 - Single Prisoner Transport System - The unique half partition with full roll bar design creates additional storage space behind the officer's seat while adding structural integrity to the vehicle.

- » Half Cage with Full Roll Bar
- » Available for Sedans Only
- » Single Prisoner Transport
- » Driver's Seat: Full Travel and Substantial Recline

P1826 - Dual Prisoner Transport System - Offers the solution to safely transport dual prisoners: male/female, junior/adult, etc. The partition's versatile design compartmentalizes the back seat to accommodate two prisoners allowing offers maximum efficiency and safety.

- » Full Cage with Full Roll Bar
- » Available for Sedan and SUVs
- » Dual Prisoner Transport
- » Driver's Seat: Full Travel and Substantial Recline
- » Allows for Male/Female, Junior/Adult, Transport
