**Pro-gard**<sup>™</sup>  
PRODUCTS LLC.

**2006 IMPALA**

**Note:** The manufactory's protective device located between the front seats should not be altered. As a result of this, and the different aftermarket console lengths, the Pro-gard floor pan (FP52I06) will have to be altered. See the following photo for reference only.

If you have questions concerning the floor pan installation, please contact Pro-gard technical support department @ 317-579-6680.
