

INSTALLATION INSTRUCTIONS G4906I06 PARTITION MOUNT

I. Check to insure the following parts are included in your package:

A. G4906I06 Gun Rack Assembly

1. Butt Plate (3G4962P)
2. Timer, 3 Wire (G1002)
3. Switch, Momentary (3G5100)
4. Vertical Gun Rack Bracket with attached Lock
5. Bracket, U Shaped (3G4980E) & (3G4980D)

B. Hardware

- 1 . 1/4-20 Black Flat Washers, 3X12, (2) Each
- 2 . 1/4-20 x 5/8 Phillips Head Bolt, 3X03, (1) each
- 3 . 1/4-20 ESNA nylon locknut, 3X17, (2) each

II. You will need the following Tools:

- | | |
|------------------------|------------------------------|
| A. 3/8" & 7/16" Socket | C. Flat Head Screw Driver |
| B. Socket Wrench | D. Drill and 5/16" Drill Bit |

III. Place the G4906I06 Vertical Gun Rack approximately in the center of the Partition, between the bucket seats (as shown in the figure below). Adjust the U Shaped Bracket (3G4980E) to give the greatest support against the kick plate of Partition.

IV. Mark the hole location of the bracket on the kick plate and drill a 5/16" hole. Attach the U-Shaped Bracket (3G4980E) with a 1/4-20 Phillips Head Bolt (3X03) and a 1/4-20 ESNA Nylon Locknut (3X17). Attach U Shaped Bracket (3G4980E) to vertical bracket of gun rack.

V. Attach the Z Shaped braket (3G4980D) to the bottom of brack

VI. Place weapon in the gun rack and adjust lock to properly fit weapon.

VII. Finish installation of electric gun rack as per timer instructions.
